

You can't be there for all their Internet adventures... but PROTECTOR™ can!

PROTECTOR™ Wireless Home Edition. Easy to install. Easy to use.

Introducing MineStream PROTECTOR™ Wireless —a home Internet protection system. No software installation required. No configuration required. Just plug it in, and it's ready to go. Review all internet activity. Anytime. Anywhere.

PROTECTOR™ Wireless highlights and summarizes activity that YOU deem inappropriate. Review e-mails, chats and website visits on your time.
